

Roller Blinds

Brochure Number: (OR-1)

Roller Blinds

Use this Brochure as a Step-By-Step guide to choosing your new Roller Blinds! Simply choose an option from each step, then [Request a Quote](#) from our friendly team! We pride ourselves on a quick turnaround, so you'll have your new Blinds fast!

For DIY Measure and Installation, check out our handy Help Guide and Measuring Form.

STEP 1: Choose Your Fabric Colour

Choose your fabric colour from the following collections. If you don't see the colour you want or you can't decide, [contact us](#) for additional options and design assistance.

One Screen & One Blockout Collections

30% Polyester / 70% PVC Screen Blind, 100% Polyester Block Out coated with acrylic foam

Vibe Collection

100% polyester Block Out with acrylic coating

Important Note: Due to the many variations in monitors and browsers, colour samples may appear different on different monitors. Computer monitors are not all calibrated equally and colour reproduction on the Internet is not precise. Since it is not possible to guarantee our online colours will look the same on all computers, we cannot guarantee that what you see accurately portrays the colour of the actual product.

Jersey Collection

100% polyester Light Filtering stiffened with acrylic or Block Out with acrylic foam backing

Le Reve Collection

100% polyester Light Filtering with acrylic coating or Block Out with colour co-ordinating acrylic foam backing

Mantra Collection

100% polyester Light Filtering with acrylic coating or Block Out with colour co-ordinating acrylic foam backing

Skye Collection

100% polyester Light Filtering with acrylic coating or Block Out with colour co-ordinating acrylic foam backing

Important Note: Due to the many variations in monitors and browsers, colour samples may appear different on different monitors. Computer monitors are not all calibrated equally and colour reproduction on the Internet is not precise. Since it is not possible to guarantee our online colours will look the same on all computers, we cannot guarantee that what you see accurately portrays the colour of the actual window treatment.

Balmoral Collection

100% polyester Light Filtering stiffened with acrylic or Block Out with acrylic foam backing

Important Note:

Due to the many variations in monitors and browsers, colour samples may appear different on different monitors. Computer monitors are not all calibrated equally and colour reproduction on the Internet is not precise. Since it is not possible to guarantee our online colours will look the same on all computers, we cannot guarantee that what you see accurately portrays the colour of the actual window treatment.

STEP 2: Choose Your Rail Option

Choose your Bottom Rail from the options below. If you can't decide, [contact us](#) for assistance.

Traditional Oval

26mm oval weight bars, can be sewn in to the fabric to reduce noise (optional). Available in the following colours: black, pure white & sandstone, barley, bone, dune, and brushed aluminium.

Pure White Black Sandstone Barley Bone Dune Brushed Aluminium

Designer D30

Slim and subtle design; measuring 14mm wide and 31mm long. Can be customised with a silencer to reduce noise. Available in the following colours: black, pure white, sandstone, barley bone, dune, and brushed aluminium.

Pure White Black Sandstone Barley Bone Dune Brushed Aluminium

STEP 3: Choose Your Operating System

Choose between a traditional Chain, or modern motorised mechanisms from the options below. If you can't decide, [contact us](#) for assistance.

Standard Plastic Chain

Well proportioned, compact design, with snap-on slim bracket covers and minimal light gaps. Chain and Brackets available in the following colours; white, black, and beige.

White

Black

Beige

Stainless Steel Chain

Well proportioned, compact design, with snap-on slim bracket covers and minimal light gaps. Brackets available in the following colours; pure white, black, silver grey, sandstone and barley.

Pure White

Black

Silver Grey

Sandstone

Barley

Chain Wand

Premium child safety with easy to operate chain wand control. Well proportioned, compact design, with snap-on slim bracket covers and minimal light gaps. Available in pure white.

Pure White

Cordless

Minimal light gaps with colour matched bracket covers provide a neat overall finish. Child Safe design with no loose cords or chains.

Pure White Black Silver Grey Sandstone Barley

Automate Motorised

Slimline and compact roller blind system, with contemporary remote control and offers 3 speed level settings. Available in the following colours; pure white, black, silver grey, sandstone and barley.

Choose between an Internal rechargeable Lithium-Ion battery, 240V Hardwired or full Home Automation.

Pure White Black Silver Grey Sandstone Barley

Dual Day/Night Rollers

Allows for both Screen and Block Out Blinds to be installed on the same window. Multiple options and colours available, including a slimline option for narrow windows and a modern finish.
